

While we are excited about this new opportunity, we know there is more work to do. On this day of service, we take a moment to reflect on those, like Dr. Martin Luther King Jr., who have been a guiding example of commitment to community. As we continue our mission to secure housing sustainability and security for those in crisis, we ask that you follow along and join us if you can. We will send monthly newsletters that will reflect our efforts and will continue to update our social media daily.

Make sure you are following us as we are excited for you to see what we are doing. If you want to be part of our efforts, please take some time to explore the opportunities we have to get involved. We have a whole section of our website dedicated to ways to do so. I have included a link below.

Thank you for being a part of Family Promise of Sussex County. As Community Manager, I welcome any comments, suggestions, and opportunities to connect with every member of our extended family. Please feel free to reach out to me at any time. I am honored to dedicate my service not only to our clients but our entire community.
